Madrid, 11th of August 2009

Mr. Jose Luis Ramos, as Team Lead of the Lighting Department of Ilion Studios, SL., certifies that Miss Alexandra Diaz de Cerio has worked in this company under my supervision as Junior Lighting Artist since 8th of January of 2008 until 19th of December of 2008.

During this time I have been able to confirm her personal and professional evolution in the managing of her tasks, including some Senior work in a specific moment of the production, with an excellent result.

Miss Alexandra is above all a very responsible, organized and efficient worker, with sufficient initiative to suggest ways to increase the efficiency of the tasks that have been assigned to her. She is not afraid of new challenges and has always shown a positive and respectful attitude towards his co-workers and superiors.

So that what has been written will be of value in adequate situations, I will now sign this paper in the place and time indicated.

Mr. Jose Luis Ramos
Team Lead of the Lighting Department
